PILATES REFORMER
Instruction manual

01 Precautions

1. In order to prevent customer safety accidents, please confirm the tightness of the screws before using the product.
2. Please read the instructions before use.
3. Please be careful not to pinch your fingers when unfolding or folding the product.
4. Please do a simple stretch before using the product.
5. Fix the fixing clips of the legs before use.
6. Please be careful not to pinch your hands when adjusting the strength of the rubber tubes.
7. The protector should be careful not to let children ride on the top to play.
8. If you tend to get sweaty during your workouts, make sure to have a towel nearby to wipe down your equipment.
9. Dress appropriately while using the Reformer. Avoid dangling jewelry, scarves, or loose clothing that can become tangled in the rubber tubes. Wear grip socks or be bare feet so your feet don't slip.
10. Only attempt to remove rubber tubes when they are not stretched.
11. Before you step or sit on the Reformer, check that at least one or two rubber tubes are connected to ensure that the carriage will not slide out from under you. Whenever possible, step on a stable surface first.

04 Assembly method

Precautions when assembling

- * Please be careful not to pinch or press your hands when folding
- * Because of the risk of injury, be sure to operate with two people when moving or assembling the product.
- * The clip will easily enter after shaking it from side to side.
- * Now clamp the fixing clip at the fixed foot. Clamp at the end of the reverse side.
- * When it is difficult to change the angle, you can slightly loosen the screws connecting the two fixed feet and readjust it.

Installation steps 01

1. Check the packaging for any damage, then open and take out all items, and check for any missing items.

2. Remove the fixing pins on both sides and cut off the white cable ties, then the Pilates reformer can unfold as shown in the picture.

3. Loosen the adjustable knob and gently pull outward, insert the pulley rod, align it with the hole position, and then tighten the adjustable knob.

4. Pull out all locking pins, unfold the bed legs, and then insert the locking pins to fix the bed legs.

Installation steps 02

5. Pull the armrest rod gently toward the arrow, then adjust it to the position shown in the figure.

6. Use the Allen wrench to remove the screws and washers from the armrest tube, align the armrest tube with the position shown in the picture, and then install the screws and washers.

7. Remove the footrest cushion and release all rubber tubes.

8. Install the stop blocks at the position shown in the picture.

Installation steps 03

9. Install the rubber tubes (please install the quantities of rubber tubes according to the personal situation), and cover the footrest cushion back.

10. Install the wheels on the frame of the side with the pulley rod and install the footholds on the frame of the side with the footrest cushion.

11. Install the shoulder pad and use lock pin to fix the position. Also, you can adjust the height of shoulder pad.

12. Put the footpads under the bed legs then the installation is complete.

Step of folding 01

1 .Adjust the armrest tube to the position shown in the picture and take out the footrest cushion.

2.Use the Allen key to remove the stop block and store them, then put back the footrest cushion.

3.Remove the pins on both sides of the fixed bed legs, fold the bed legs, and secure them with the pins. Then loosen the knob and remove the pulley rod.

4.Grasp the bed frame, lift it, and fold it, then insert the fixing pins. Place the shoulder pad and pulley rod into the hole as shown in the picture, and the folding step is complete.

Concentrated upper limb exercise

Spine stretching

Kneel on your knees, stretch your upper limbs forward, grab the pole with your arms to stretch your spine.

Mermaid

Take a mermaid pose, one arm is placed on the fixed handrail rod, and the other arm is in a long live pose to stretch the ribs.

Side twist

Take a mermaid pose, rotate your body to the fixed footrest, and push your arms forward.
