

140W Multi-Charging

6 PORTS Multiple Charging Station

Product picture and description:

Contents:

- 1*USB charging station
- 1*Power cord
- 7*Dividers
- 1*User manual

Feature:

- .One for all charging station
- .Detachable dividers
- .Built-in smart IC
- .Fast and safe charging

Specifications:

Model: FWP-PC-140

Input: AC100-240V/50-60HZ

Output:
USB-C1/USB-C2: 5V/3A,9V/3A,12V/3A,15V/3A,
20V/3.25A (65W Max)

USB-C1+USB-C2: 30W+30W (60W Max)
DC 5V/3A,9V/3A,12V/2.5A,15V/2A,20V/1.5A (30W Max)

USB-C3/USB-C4: 5V/3A,9V/3A,12V/3A,15V/3A,
20V/2.25A (45W Max)

USB-C3+USB-C4: 20W+20W(40W Max) DC 5V/3A,
9V/2.22A,12V/1.67A,15V/1.35A,20V/1A (20W Max)

USB-C5 : 5V/3A,9V/2.22A,12V/1.67A (20W Max)

USB-A: 5V/2.4A (12W Max)

- *Product size:L170*W130*H38mm
- *Product weight:505g (include holder)
- *Packing weight:620g
- *Packing size:L188*W180*H55mm

How to use:

1. Connect power cord with the charging station
2. Insert baffles(Insert one end of the baffles first,then push another end in.)
3. Plug it in wall outlet
- 4.Charge your phone or tablet

Cautions:

- 1.For the fastest and safest charge,use your device's original cable or a certified one (such as Mfi)
- 2.Remove one divider to expand the slot for large device like tablet with thick case.
- 3.Don't dock laptop on it,plastic dividers may be broken.
- 4.Don't expose it to liquids
- 5.Don't disassemble
- 6.Avoid dropping
- 7.Avoid extreme temperatures
